## “Measure M: A Better Vision for Fort Ord”

**M**easure M is the initiative on the November ballot aimed at preserving 540 acres of oak woodlands located on the north and northwest sections of the former Fort Ord for open space and recreational use. The opposing Measure K, backed by development interests will remove more than 50,000 Monterey oak trees and hundreds of acres of beautiful open space to make room for 1,500 residential units, two hotels, a commercial center and a commercial horse racetrack.

Our speakers are **Jason Campbell**, principal officer and spokesman for the **Fort Ord Access Alliance** and **Margaret Davis**, **Friends of the Fort Ord Warhorse**.

Jason Campbell has been a Seaside homeowner for 12 years, and is an 18-year owner of a landscaping business. He is a member of the **Monterey Off Road Cycling Association**. Since walking and knocking on doors to hear the concerns of Seaside residents during his near successful campaign for **Seaside City Council**, Jason continues to work towards making Seaside a safe and economically healthy community, not beholden to special interests.

**Margaret Davis** has been a Pacific Grove and Marina resident for thirty years. She fell in love with Fort Ord when she and her horse, Jack, discovered the gorgeous trails linking the **Marina Equestrian Center** to Fort Ord, especially the hundreds of woodland trails that Measure M now seeks to protect.

## The PRESIDENT'S Message

The LWVUS recently published a report titled *Election Improvement Agenda*. The introduction says: "Even as our electorate grows ever more diverse, we have witnessed an undeniable and systematic assault on voters' right to participate, the likes of which we have not seen since the Jim Crow era. At the same time, our nation continues to suffer from an under-resourced, desperately outdated and increasingly complex election system in dire need of modernization."

I want to share with you some highlights of the report, the full version of which can be found at: <http://www.lwv.org/files/LWV%20ElectionImprovementAgenda-Final.pdf>

### The League's 2011-2012 Impact:

- Voter suppression defeated in 11+ states
- 100,000+ voters registered online & on the ground
- 3.5 million voters served online
- 2 million educational materials printed
- 600+ candidate debates hosted nationwide
- 200,000 GOTV contacts made
- 14,000+ news stories featured the League's work

In just the past few years, more than 30 states have enacted restrictive voter suppression laws that are a calculated, strategic attempt to silence the voices of those least heard and rarely listened to in this country: the poor, the elderly, racial and ethnic minorities, the young and persons with disabilities.

Despite the staggering efforts of thousands of League volunteers and their partners in 2011-12, renewed voter suppression efforts began on day one of the 2013 state legislative season. **All in all, nearly 7,000 election-related bills were introduced as of July 2013.** Some of these bills were pro-voter reforms while others would make it more difficult for voters to participate in elections.

The **Supreme Court** ruled unconstitutional Section 4 of the **Voting Rights Act (VRA)**, effectively gutting the federal "preclearance" mechanism that has protected millions by preventing discrimination in voting for more than four decades ... within days of the Court's decision, we saw vicious actions taken against voters in several critical states that had previously been subject to VRA preclearance:

■ **In Texas**, the legislature took immediate steps to advance both its photo ID requirement that had been blocked by the US Department of Justice and an egregious redistricting plan that had been found to be discriminatory.

■ **In North Carolina**, the state immediately took steps to advance a photo ID requirement, reduce early voting and eliminate same-day registration. The League is the named plaintiff in a federal legal challenge to overturn North Carolina's egregious law. In its suit, the League has also asked the Court to bring the state back into preclearance using Section 3 of the VRA, as DOJ has sought to do in Texas.

■ **Alabama and Mississippi** are moving forward with implementing voter photo ID laws.

#### **LWV Agenda for Election Improvement:**

■ Federal action to restore the VRA and protect

the National Voting Rights Act

■ Re-commit our resources to win full-scale statewide campaigns to protect voters' rights (20+ states)

■ Federal and state legal action to fight back against voter suppression and for state compliance with VRA/NVRA

■ Register 100,000 voters throughout 2013 - 2014

■ Educate millions through VOTE411.org and on the ground

■ Pass pro-voter reforms like early voting, permanent & portable registration, better polling place management, online registration and other electronic streamlining

We should all support this agenda in every way that we can.

## **AGRICULTURE STUDY KICK OFF: NATIONAL POSITION ON AGRICULTURE**

### **KICKOFF LAUNCHED**

Late last month, the **League of Women Voters Monterey County** proudly announced the kick-off of the study process to update the League's national position on Agriculture. The **Ag Study Committee Chair** is **Patti Fashing**, a long-time League member with tremendous agriculture knowledge and background.

The League's Ag Position was last updated in 1974 and there have been many changes in agriculture since then. This update will focus on two issues:

#### **Current Technology in Agriculture**

This will include Genetically Modified Organisms (GMOs), herbicides, pesticides, agriculture water pollution, aquifer depletion, antibiotics in livestock, and accurate food labelling.

#### **Current Finance in Agriculture**

This will include consolidation in agriculture industries, crop subsidies and the federal agricultural regulatory process.

Though "narrow," the Ag Study will incorporate many topics. We're sure many of you have good ideas and insight and will contribute plenty of energy and passion to it!

### **AG STUDY MEETINGS TO BEGIN NOVEMBER**

Dates, times, and place to be announced: watch for e-mail updates and announcements in the next issue of **The Voter**. The study is scheduled to be completed by March 2014. If you're interested in joining the Ag Study Committee contact Patti at [pfash101@comcast.net](mailto:pfash101@comcast.net), or call 424-6447.

### **INFORMATIVE TALKS, ARTICLES & WEBSITE**

The Ag Study launched in September with **Dr. Steve Triano** presenting a talk on "**Genetically Modified Food: Reality vs Perception**" at the Alisal Campus of **Hartnell College**, Salinas.

The next forum highlighting issues pertinent to our Ag Study will be the **November 13 "Lunch & Learn" meeting**. The topic, "**It's Not That Easy Being Green**" will be presented by **Dr. Zahi K. Atallah** (see back page for details).

It is managed by Financial Planning Committee, which is appointed by the Board of Directors.

Founded in 1929, Wellington Fund is Vanguard’s oldest mutual fund and the nation’s oldest balanced fund. It offers exposure to stocks (about two-thirds of the portfolio) and bonds (one-third). It is broadly diversified—the fund invests in about 100 stocks and 500 bonds across all economic sectors. The fund is designed for investors with a long-term time horizon who want growth and are willing to accept stock market volatility.

**LWVMC EDUCATION AND SCHOLARSHIP FUNDS**

**T**he League of Women Voters of Monterey County is proud to have two opportunities for its members to help support its activities. We hope that you will consider donating to one or both of these funds.

**The Education Fund** supports various voter education programs.

The first program supports voter services which builds citizen participation in the democratic process. It also conducts citizen education activities by studying key community issues at all governmental levels in an unbiased manner.

This second program helps people seeking positive solutions to public policy issues through education and conflict management.

**Note:** Donations to the Education Fund are fully tax-deductible as it is a 501(c)3 corporation. Please make donation checks out to "LWVMC Education Fund."

**The Florence Curlee Scholarship Fund** was named after **Florence Curlee** who was the President of the League of Women Voters of the Salinas Valley in 1986-87. It is a memorial to Florence, who believed passionately in the work of the League and making it accessible to all.

This fund offers financial help with membership dues to members and prospective members. Persons who wish to donate to the Fund can send donations with checks made out to "**The Florence Curlee Scholarship Fund.**"

New and current League members who wish to avail themselves of the scholarship fund may complete a membership application (see page 9) and check the "scholarship requested" box. Applicants can include a check for the amount they can afford, or include a note requesting a full scholarship. All information regarding scholarship assistance to individual members is confidential.

**Note:** Donations to the Florence Curlee Scholarship Fund are not tax deductible.
